Planning Application APP/20/00833 Power Generation Facility, Southmoor Lane, Havant, PO9 1JW

Erection of a flexible power generation facility with associated ancillary infrastructure, access and boundary treatment(15.01.21). Request to discharge condition 4 (03.12.21)

There is insufficient detail submitted to satisfy condition 4.

We require a soft landscape scheme requiring submission of fully annotated plans at sufficient scale to identify species of individually planted trees, shrubs, hedges, marginal, bulbs and any areas of turfing / seeding. Planting areas should show the locations of different single species groups in relation to one another, and the locations of any individual specimen shrubs. Other information shall include plant specification schedules, comprising plant size, number and density.
