APP/22/00576

Site Address: The South Downs College, College Road, Purbrook, Waterloooville, PO7 8AA

Proposed Development: Construction of a new college car park

Thank you for consulting the Environmental Protection Team on the above application and further details submitted concerning the proposed lighting scheme following my colleague's earlier comments. We note the intention is now to install 3k 'warm white' luminaires which is preferable to the 4k 'cool white' ones previously suggested, which should hopefully help to reduce the impact at nearby dwellings. We do not have any further observations/comments to make.

Best regards

Helen Le-Vallee, MCIEH
