

1. Front – East side

Distance between current bungalows (No.7 & No.9) would be maintained at approximately 5.8m with the extension roof line per existing, so potentially not overbearing, not causing excessive overshadowing or loss of light to neighbouring property No.7.

2. Rear

3. Rear – East side

Proposed extension coming out in line with current rear of garage and neighbouring properties (No.7) extension. So potentially not overbearing, not causing excessive overshadowing, loss of light or loss of privacy.

4. Rear West side

Proposed window (low level) on west wall bedroom extension facing boundary fence, so no loss of privacy regarding neighbouring property at No.11.

Proposed roof extension on west side will be a lower profile than the existing roof line, so potentially not overbearing, not causing excessive overshadowing, loss of light.
