Comments

Dear Kayleigh,

APP/24/00032 | Engineering works to reconfigure existing drainage ponds. | Land East of Manor Farm Close, Havant

Thank you for consulting me on this application.

I have no overriding ecological concerns with the proposed drainage basin modifications. However, the existing basins are now well-established and may support valuable semi-natural habitats and protected and notable species may occur. I would recommend that an ecological statement is provided, by a suitably qualified person, to provide details of the potential impacts of the proposed works and any avoidance and mitigation deemed necessary. I would also like to see details of proposed landscape seeding/planting.

If you have any queries, please dont hesitate to contact me.

Kind regards,

Tristan
