NOTICE IS HEREBY GIVEN that on the 13th April, 1920, application will be made to the Recorder of the City of Chichester at Quarter Sessions for the City of Chichester to be holden at the Council House, Chichester for an Order that certain highways crossing the above field, the situation of which is indicated on a plan which will be lodged with the Clerk of the Peace of the City as hereinafter mentioned on which plan the footpaths to be stopped up are coloured green, the footpath to be retained is coloured red, new footpaths are coloured blue, and a new road to be made from Kingsham and Grove Roads to Basin Road is coloured yellow. The footpaths coloured green shall be stopped up, the footpath coloured red shall be retained as a highway, and two new footpaths coloured blue shall be made and also a new highway coloured yellow.

AND WHEREAS the following is a minute description of what is intended :

Field No. 263 is a pasture field, shaped like an oblong square bounded on the north by the L.B. & S.C. Railway —Portsmouth to Brighton line. This pasture field is now divided by footpaths which run like two main ribs of a fan from a point at the S.E. corner, called "O" on the plan. The first footpath runs from a point "A" in the extreme S.E. corner of the field to a point "B" in the extreme N.W. corner and is termed footpath No. 1 "A" to "B." This is to be stopped up. The centre footpath runs from the point "O" to a point "D" on the plan. This is also to be stopped up. The new road to be made will run from East to West of the field from Basin Road to Kingsham and Grove Roads, and cuts through the above footpaths No. 1 and 2. The footpath "C" to "D" will be continued as from a point "D" on the new road to "C." This footpath is coloured red on the plan, and is to be retained as a footpath. From a point "E" in the S.E. corner of the field running parallel with the Eastern hedge of the field, it is intended that there should be new footpath No. 3 and coloured blue on the plan and called "E" to "F," and this will be in lieu of footpaths No. 1 and 2 hereinbefore described, and will join the new road at "F." The new road from Basin Road to Kingsham and Grove Roads will cut across footpaths 1 and 2, and be joined by the old footpath No. 4 and the new footpath coloured blue No. 3 and 5. This road will be not less than 18ft. in width, and will be a proper and substantially made highway for all vehicles and foot passengers, horses, cattle, etc., and will be dedicated as a highway, and when it has been put into repair to the satisfaction of the Corporation of Chichester will be maintained over and repaired by them. North of this road the existing footpaths No. 6 and coloured green, running parallel with the Eastern hedge to the North East corner and from there turning due West to the extreme North West corner, will be stopped up. In lieu of all the footpaths north of the proposed new road, the footpath coloured blue on the extreme Western hedge of the field which will run parallel with that hedge and join up the road to the continuation footpath numbered 7. Instead of the footpaths being unmetalled, the new footpaths will be properly made up with suitable material properly formed to take off the wet, and will be made into a commodious for the use of the public.

AND NOTICE IS HEREBY ALSO GIVEN that the certificate of two Justices that they have viewed the said highways which it is proposed should be stopped up, that the new highways are nearer and more commodious, with the plans of the old and proposed new highways will be lodged with the Clerk of the Peace for the City of Chichester at his Office at West Street, Chichester on Wednesday the 10th March, 1920.

BARNHAM.

UNNECESSARY SUFFERING. — At the Arundel County Bench on Monday, Charles William Newell, insurance agent, of Barnham, was summoned for conveying fowls in a manner causing unnecessary suffering.—P.C. Woodley said about 9.20 a.m. on Monday, January 26th, he was at Barnham Cattle Market, and saw the defendant arrive at the fowl pen with two small hand baskets. He saw the defendant open the baskets and he then saw that each basket contained three full grown white cockerels. Defendant put them into pens, when they staggered and reeled about, and could not stand. The baskets, which were produced, measured 16in. by 11in., and 16in. by 12in. —Defendant said he had come from his home, which was only three minutes run on his cycle, and the birds had only been in the baskets some seven minutes. LABOUR POLITICS.—On Wednesday evening, Mr. Harry Small (Labour Candidate for Huddersfield, and an active member of the Fabian Society) delivered a lecture at the Trades and Labour Institute, on "Labour representation in Parliament." Mr. W. H. Baker, Hon. Secretary of the Trades and Labour Council, presided over a good attendance. Mr. Small, who is a cultured speaker, gave a very lucid exposition of his subject, showing the evolution of the Labour Party from its inception, and the enlargement of its programme to include direct Parliamentary representation as a corollary to its efforts for improved status in hours and remuneration. The strike, he observed (not always successful for those who resorted to the method) was [illegible] four thousand years old, and the [illegible] account of it was contained origina[illegible] second book of the Old Testament. CHURCH ABUSES AND THEIR REMEDY.

SIR,—The following is an instance of an abuse, and not a solitary one :—

The value of the tithe in this parish is commuted at £1,003. The lesser tithe going to the Vicar is £245 ; the greater going to the Ecclesiastical Commission, £560, out of which an annual grant is made for the spiritual needs of the parish of £50.

By Act of Parliament, the Commissioners are bound to supply the spiritual needs of the parishes from which they receive tithe, before using the money to help those same needs of other parishes. The present proportion is not fair, especially when the population here has considerably increased, and is increasing.

CITY ACCOUNTANT.

SIR,—We are anxiously awaiting to see who is appointed to the post of City Accountant, and should also like to see a list of applicants, as there will probably be several discharged soldiers applying, who, if "fully qualified," should receive first consideration from the City Council ? So ratepayers, keep your eyes open, and wait and see.

ANXIOUS DEMOBBED.

Y.M.C.A. TRIANGLE CLUB.

SIR,—You have kindly from time to time given much valuable space in your columns to our work, but I do not think you have ever mentioned the fact that we do not confine our efforts, and cater for members who are free only afternoon and evening.

There are men who must work at night, for, to mention just two things, we should not have gas or electric light.

Then there is a large institution in the city, where men have to be on duty at night, and the morning is their legitimate time for recreation.

To such men, the Club, with the many facilities it offers, is a tremendous boon, as well as to those who can get his recreation in the evening.

Yours truly,
S. E. PAYNE,
Secretary.
Chichester.

OBSERVATIONS.

The activities of a photographer in Priory Park, Chichester, on Saturday just before the match, gave rise to some impatience on the part of the crowd and players, while the latter were being "taken," but that persevering individual succeeded in getting a good picture of the home team, and later some exciting incidents of the game. The slides were screened at Poole's Picture Palace in the evening, and were received with an outburst of enthusiasm from the large audience.

With the establishment of a Club for discharged soldiers, by the Federation of Discharged and Demobilised Soldiers and Sailors, Bognor ex-service men are now well looked after, for the Comrades already have a well appointed Club. At the same time, it is felt generally, by many people, to be regrettable that there are two societies for discharged men. There were no divisions during the war, and one society only would be far more powerful. This is especially so in the case of a small place like Bognor, where there is really not room for two organizations.

The proposed County Council rate of 5s. 6½d. in the £ will come as a heavy blow to many people, but at the same time, with the heavy increases in all directions it is only to be expected. One of the principal causes of the increase is the heavy rate for Elementary Education, the new estimate being for 2s. 5d., as compared with 1s. 4d. last year.

In the estimates for the coming financial year, one observes that the Westhampnett Rural District Council intend to spend £31,785 18s. in road materials for making up the roads in their district During the war, a great deal of road repairing had to be left, with the result that some of the roads are in a particularly bad state, especially the Upper Road between Bognor and Chichester, on which there is a good deal of traffic.

LATE COL. HENTY.

At the Arundel County Bench on Monday, the Chairman (Mr. Rawson-Shaw) made feeling reference to the death of Colonel Percy Henty. He would, he said, be a very great loss to the county, but he thought the greatest compliment he could pay to his memory was to say that he would be more missed in the villages of Binsted and Walberton, where he was better known than anywhere else. When a man was missed, as Colonel Henty would be, by the people among whom he had lived, and who had known him so well, he thought it must show the loss he would be to the county where he had so many friends. It was his duty to move a resolution of sincere sympathy with Mrs. Henty and Miss Henty in the regretable loss they had sustained. He could only say that such men were a great loss, and his memory would ever be treasured by them.

CHICHESTER COUNTY BENCH.

THEFT OF TREASURY NOTES.

At the Chichester County Bench on Monday, before Mr. H. Lovett, in the chair, and Major H. S. Jellicorse, Frank [illegible]ren, 14, of 4, Norman Terrace, Longford [illegible]oad, Bognor, was summoned for stealing a[illegible] Bognor, on January 24th, a £1 Treasury no[illegible]e, the property of Harry Martin Kimbell, and also for stealing a £1 note, belonging t[illegible] Mr. Kimbell, on January 31st.

Henry Martin Kimbell, assistant to his father, Mr. Kimbell, of East Street, Chichester, said, on January 24th, he went down to the branch shop at Bognor, and hung his coat upstairs with two £1 notes in it. He missed one a few days later, but did not suspect any one at the time. On January 31st, witness went to Bognor again, and hung his coat upstairs as before. This time he had a £1 note and two 10s. notes in the coat. Witness went downstairs, and defendant went upstairs to get some milk. Later, witness noticed the boy looking fidgety, and when he looked in his coat he found the £1 note was missing. He reported the matter to the manager, and on being interviewed, the boy said he found the wallet on the ground, and took the £1 note out. The money was in a wallet in witness' pocket. The manager dismissed the boy on the spot. The next day, he informed the police.

P.S. Cannon spoke to interviewing Wren on Sunday, February 1st. He first denied taking any money, and afterwards admitted taking a £1 note on January 24th. He said he changed the note at a restaurant, and spent the money on going to the rink, the pictures, and buying sweets. He also admitted taking the £1 note on January 31st, and said he gave it to the Manager when questioned.

Defendant, who had nothing to say, was fined 10s.
