

Thank you for consulting us on the above application.

As this application relates to a site which is a commercial application less than 1 hectare in size and less than 1000m² floor space, we would consider this as a minor application and outside of our remit. However, please direct the applicant to our website

<https://www.hants.gov.uk/landplanningandenvironment/environment/flooding/planning> for further information on recommended surface water drainage techniques.

If you specifically need our advice on this application, please contact us. A fee may be charged for this service depending on the complexity of the site.

Also, please note that if the proposals include works to an ordinary watercourse, under the Land Drainage Act 1991, as amended by the Flood and Water Management Act 2010, prior consent of the Lead Local Flood Authority is required for this work. This consent is required as a separate permission to planning. Details can be found
