Dear Mr Riley,

50A Langstone Road, Havant, PO9 1RF

Extend dropped kerb to widen access onto Langstone Road

Thank you for your consultation on the above planing application. The Highway Authority wish to make the following comments.

The Highway Authority understand that the applicant is proposing to extend their existing dropped kerb in order to ease turning manoeuvres when accessing and egressing their property from the A3023. This is considered acceptable to the Highway Authority as this provides a betterment to the existing situation.

The proposed dropped kerb extension arrangement is shown within drawing 20094-123 Rev C. The full extension of the dropped kerb does not exceed 10 metres.

The applicant should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link: [Apply for a vehicular access | Hampshire County Council \(hants.gov.uk\)](https://www.hants.gov.uk/apply-for-a-vehicular-access). It is important to note that if there are any minor utility diversions that are required to facilitate the dropped kerb then additional costs may arise in addition to the initial application fee.

Having regard to the above, the Highway Authority provide no objections to this planing application.

Director of Hampshire 2050
Gary Westbrook

Yours sincerely,

Sophie Osborne
