Dear Rob,

APP/23/00993 | Change the roof profile and change external materials. | 13 The Kench, Ferry Road, Hayling Island, PO11 0DF

Thank you for consulting me on this application.

The submitted Construction Environment Management Plan (CEMP) (undated) provides information on how construction activities will proceed. The CEMP confirms that there will be dust and waste management, and control of noise and vibration. Given the scale of proposed works these measures are suitable. It is the responsibility of the applicant and their appointed agents to ensure these measures are implemented.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan

Tristan Norton
