

FAO: Lesley Wells, Havant Borough Council

Planning Application: APP/21/00189

Our Reference: Tracker No: #18509

Proposal: Request to discharge condition 15 and partial discharge of conditions 13 and 17 (24.10.22)

Dear Lesley,

Thank you for your email dated 17th November 2022 regarding the documents submitted to the above application for the discharge of conditions.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such National Highways works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. In the case of this development, our interest is in the A27 directly north of the site and the A3(M) a short drive further north.

In our response to the original application dated 31st March 2022, we requested that a condition was included for a Construction Environmental Management Plan (CEMP) to be required before construction commenced. This condition was included in the final planning approval given, being condition 13 of the application. The application now seeks to discharge condition 13 with a CEMP being provided.

Having reviewed the submitted CEMP, there does not appear to be any details of estimated daily vehicle movements of construction traffic. This is required by part C of condition 13, and is necessary for us to understand the construction impact to our network.

Based on the above we are not content that the CEMP contains all necessary detail from our perspective. We therefore request that an updated CEMP is provided giving full details of estimated daily vehicle movements in accordance with condition 13 part C.

We do not have any objection to the discharge of conditions 15 and 17.

Please note that we are now called National Highways, not Highways England but our registered address remains the same but our team's inbox is now: planningse@nationalhighways.co.uk . Can you please amend your records accordingly.

Regards

Mrs Beata Ginn
Assistant Spatial Planner (Area 3)
