

Dear Lesley

Thank you for consulting the nutrients team.

I can confirm there is sufficient capacity in the Council's strategic mitigation scheme to accommodate the application proposals based on the revised nutrient budget dated 25 October 2022 which takes into account the 2022 NE methodology.

The applicant is however advised that there is limited capacity remaining in the Council's mitigation scheme at Warblington Farm. There is alternative mitigation available from third party providers in order to avoid and mitigate the water quality impact arising out of the proposed development. The details of other schemes have been published on the Partnership for South Hampshire's website at: <https://www.push.gov.uk/work/mitigation-schemes-available-to-developers/>

Kind regards,
Jade

Jade Ellis

Principal Planning Policy Officer | 07918 582775 |  [Contact me on Teams](#)
Planning Services, Havant Borough Council, Public Service Plaza, Havant, PO9 2AX
