

Leading UK manufacturer of fencing and gates

Jupiter System

Profiled Mesh Fence

Let us inspire you
www.heras.co.uk

Providing good see-through visibility this 3 metre panel system provides security and good aesthetics.

Jupiter System

Jupiter panels are wider than traditional panel systems. By having a 3000mm wide panel it reduces the number of posts required therefore making it a cost effective system. The panel has three horizontal pressed beam profiles which provide added strength and rigidity. This system is ideal where security is required but without an obtrusive and intimidating appearance.

▶ Jupiter – Rigidity with three horizontal profiles.

Specification

Jupiter panels are manufactured from steel wire, profiled horizontally to significantly increase the rigidity of the panel. The mesh pattern itself is 50mm x 200mm, fully welded at every intersection. The panels have a barbed edge and a flush edge giving the client the option of installing the barbed edge at the top or bottom. Please be aware that if you require the barb down option then an inverted clip will need to be ordered.

TYPE	PANEL HEIGHT	NO. OF PROFILE SECTIONS	NO. OF CLIPS PER POST
JUPITER 180	1.73mtr	3	5
JUPITER 200	1.93mtr	3	5
JUPITER 240	2.33mtr	3	6

The Hexaclip RHS posts are manufactured from 60mm x 40mm steel section and have a unique and patented fixing method specially designed by Heras to give maximum possible resistance to vandalism and attempts to force entry. The welded mesh panels are located on the face of the post with two piece clips fixed with 'anti-tamper' bolts. These clips firmly clamp the end vertical wires, providing an extremely secure fixing.

Finish

This system is available in a polyester coated finish as standard.

Post and Panel Fixing

Standard Swing Gate sizes and openings to suit the Jupiter system

GATE WIDTH	LEAF TYPE	90° OPENING		180° OPENING	
		BETWEEN POSTS	OVERALL POSTS	BETWEEN POSTS	OVERALL POSTS
1200mm	S/L	1265mm	1425mm	1205mm	1365mm
3000mm	D/L	3120mm	3280mm	3000mm	3160mm
4000mm	D/L	4120mm	4320mm	4000mm	4200mm
5000mm	D/L	5120mm	5430mm	5000mm	5300mm
6000mm	D/L	6150mm	6420mm	6000mm	6300mm
7000mm	D/L	7150mm	7510mm	7020mm	7380mm
8000mm	D/L	8150mm	8510mm	8020mm	8380mm
9000mm	D/L	9150mm	9550mm	9020mm	9420mm
10000mm	D/L	10150mm	10550mm	10020mm	10420mm

Gate Infill

Flat mesh is welded into our standard Heras gate frame for added security.

As well as swing gates Heras also supplies a range of cantilever and tracked sliding gates.

Full specification details and drawings are available on request, please contact our sales office for more information.
