

Dear David,

Thank you for your email.

I have looked through our original documents and can confirm that the original response was for a contribution of £30,500.

However, due to the amended application sent to us on 23rd of February 2021 we had also amended our records and can confirm that the current sought of contribution would be £28,000 of planning gain for health.

I have therefore attached the newer response for contribution highlighting the amendments made in the application.

Attached is also the amended application.

I hope the above helps, and please do let me know if you need anything further.

Best Wishes,

Becs

Rebecca Baker
