Hello David

Sorry for the delayed response. I hadn't seen this further response back from Mr Sagoo so thank you for the heads up.

I have revisited this application , and in retrospect I concur with his view that AC1 should not impact any habitable rooms, and on that basis I am happy to accept the recommendations of the report and have no adverse comments to make.

For your information our team will be separating as of 16 December, and I will be going back to East Hants as my employing Authority. HBC will have Mark Moss and at least one other , tbc.

Thanks David . Ive enjoyed working with you.

Best regards

Charlotte
