Thank you for consulting me on this application.

The application includes a Construction And Environmental Management Plan (Burras Ltd, May 2022). This CEMP provides details of how potential pollution issues (noise, waterborne, airborne) will be addressed. The measures described are acceptable and I consider the risk of ecological impacts to be minimal provided that the CEMP measures are implemented as described.

If you have any queries please dont hesitate to contact me.

Kind regards,

Tristan
