Subject: Ref: APP/21/00405 Condition 6 Langstone Technology Park - CTMP

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Hi David,

Further to my email below, please now find attached the updated CTMP picking up the following points as requested.

1. Show Wheel Wash facilities and material storage area on Appendix C Site Logistics Plan – *Noted on appendix C Plan*
2. I am unable to properly read Appendix B – Project Programme – is it possible to provide a clearer version? – *I have Appended*
3. Each page has Deer Park Road Northampton annotated– I assume this relates to another site – can this be removed? – *Error and corrected*
4. Paragraph 3.1.1 – Please add that deliveries are to be minimised between the weekday AM peak (08.00-9.00) and Saturday peak (12.00-13.00). – *I have added*
5. Paragraph 4.28 – Please specify where any overspill construction parking would be accommodated on site. – *we now have a different location that has adequate off-site parking for all vehicles, thus also avoiding vehicles on site and mitigating wheel washing – shown on plan in appendix C*
6. Please add that access to a road sweeper will be available to remove any excess soiling on the highway should this be required – *added in 3.1.1.*
7. Paragraph 4.2.10 – Please add specification that Construction vehicles delivering or removing dusty materials shall be sheeted to prevent the spread of dust onto the wider highway network.- *added*

Hopefully this is everything you need now to discharge this condition. If there is anything else, please let me know.

Many thanks
Susie
