

Hi Gary,

Please consider this email as an arboricultural consultation response on the above planning application.

There are several trees surrounding the property that could be affected by the proposals. Arboricultural information has been submitted that demonstrates an acceptable relationship between these trees and the proposals. It also provides a suitable level of protection during the construction process. On that basis, if you are minded to permit this application it would be recommended that a suitably worded condition is imposed requiring the applicant to adhere to the protection measures and methodology specified.

Kind regards,

Thomas Gregory DipArbL4 (ABC) TechArborA
