

Planning Application APP/21/01310 at Tournerbury Woods, Tournerbury Lane, Hayling Island

The Planning Department.

Many thanks for your email regarding the change of use of land and woodlands (retrospective) as a wedding and events venue.

I have, on many occasions, witnessed multiple cars/vans turning into and up to the Pro Shop and Range, causing concern for the safety of fellow golfers and patrons walking to and from the car park.

I do hope you agree with me that a perfectly reasonable solution to this problem will be to use the access currently in development by Mr G Phillips at the entrance to Tournerbury Golf Club and Estate.

This road would lead anyone wishing to use the wedding venue away from the Golf Club and surrounding area, so creating a very safe passage for them.

Kind regards,
