Comment Reasons:

Comment: We are concerned about the impact on our communal areas, particularly Billy Road and our SuDS pond.

I am a resident of The Oysters estate directly south of this proposed development.

I object to this proposal on the grounds that no consideration has been given in the documentation to the impact on The Oysters estate. Of particular concern is short term access through The Oysters for construction vehicles and the long term increase in through traffic and road maintenance costs.

There are a lot of young children that live on the estate and feel it is going to be extremely dangerous for them to be playing outside, riding their bikes whilst heavy vehicles will be using our roads also surely this will damage the roads due to their weight!
