4a. Eligibility - The current building and site

Was the current building constructed between 1 July 1948 and 5 March 2018?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Have additional storeys already been added to the original building (as it stood on 1 July 1948, or as built after that date; or, if 'Crown land', as it stood on 7 June 2006, or as built after that date)?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Was the current use of the building as dwellinghouses only granted by virtue of permitted development rights under Schedule 1, Part 3, Class G, M, MA, N, O, P, PA or Q of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended)?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Is any part of the land or site on which the building is located:

- in a conservation area;
- in an area of outstanding natural beauty;
- in an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- in the Broads;
- in a National Park;
- in a World Heritage Site; or
- in a site of special scientific interest;

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4b. Eligibility - The proposed development

Will the proposed additional storeys only be constructed on the principal part of the building (i.e. the main part of the building excluding any front, side or rear extension of a lower height, whether this forms part of the original building or a subsequent addition)?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4b. Eligibility - The proposed development (continued)

Would the floor to ceiling height, measured internally, of any proposed additional storey exceed:

- 3 metres; or
- the floor to ceiling height, measured internally, of any existing storey of the principal part of the existing building

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Would the proposed extended building's:

- height exceed 18m (as measured from ground level to the highest part of the roof); or
- roof be:
 - more than 3.5 metres higher than the highest part of the existing roof, where the existing building consists of one storey above ground level; or
 - more than 7 metres higher than the highest part of the existing roof, where the existing building consists of more than one storey above ground level.

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

If the dwellinghouse is not detached, would the proposed extension result in the highest part of the roof exceeding 3.5 metres above either:

- the highest part of the roof of the building it is joined to (e.g. by party wall or adjoining main wall); or
- if in a terrace, the highest part of the roof of any building in the row it is situated

☐ Yes ☒ No / The dwellinghouse is detached

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the roof pitch of the principal part of the proposed extended dwellinghouse be the same as the roof pitch of the existing dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the development include a window in any wall or roof slope forming a side elevation of the building?

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Will the materials used in any exterior work be of a similar appearance to those used in the construction of the exterior of the existing dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

Following the development, will the dwellinghouse be used within Use Class C3 and for no other purpose, unless that purpose is ancillary to the primary use as a dwellinghouse?

☒ Yes ☐ No

If you have answered No above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

4c. Eligibility - Related operations and works

Will any proposed engineering operations reasonably necessary to construct the additional storeys include:

- provision of visible support structures on or attached to the exterior of the building upon completion of the development; or
- anything other than works within the existing curtilage of the building to strengthen existing walls and foundations

☐ Yes ☒ No

If you have answered Yes above, the proposal will exceed the limits set by legislation. In this circumstance, you should not continue with this application and seek advice from the Local Planning Authority on the best course of action.

5. Description of Proposed Works, Impacts and Risks

Please describe the proposed development, including:

- details of any works proposed;
- the external appearance of the dwellinghouse, including the design and architectural features of the principal elevation (and any side elevation that fronts a highway)

Existing and proposed drawings of the proposal have been provided with this application the additional storey will completely match the footprint of the original two storey part of the building. All materials including windows and finishes to walls will match the existing and no windows have been placed in side elevations.

The existing pitched roof has been replicated at the new height 2.7metres above the existing

It should be noted that a householder planning application is also been made for the same proposal but with the existing pitched roof been replaced with a flat roof, the result of this is that that additional storey does not increase the height of the dwelling and is also more in keeping with the design of the building. In addition this significantly reduces /removes any impact on the neighbouring dwellings Whilst this proposal would be the applicants preffered option, the permitted development option will act as a fall back position should that application not be successful.

These applications have only been submitted to run concurrently to try and ensure an approval is in place by the spring to allow construction to commence to the builders schedule.

What is the current height of the dwellinghouse:
(measured externally from ground level to the highest part of the roof)

8metres

What will be the height of the dwellinghouse once the additional storeys are added:
(measured externally from ground level to the highest part of the roof)

10.7metres

5. Description of Proposed Works, Impacts and Risks (continued)

Please provide details of the impacts on the amenity of any adjoining premises including overlooking, privacy and the loss of light and how these will be mitigated:

The dwelling to the west does not sit along side the proposal but is set forward closer to the road and hence the proposal will have little impact
To the East the proposal is approximately 7 metres from the neighbouring flats which is a four storey building due to the 7m distance and additional forward and rear facing windows we do not believe the proposal will significantly effect the flats

Please provide details of any air traffic and defence asset impacts and how these will be mitigated:

None

Where relevant (due to the siting of the building), please provide details of the impact on any protected view.
Note that these are identified in the Directions Relating to Protected Vistas dated 15 March 2012 issued by the Secretary of State.

none

6. Checklist
