

Dear Mr. Oliver,

Planning Application APP/21/00814 Development site, 5-7 East Street, Havant

Thank you for your consultation.

The submitted Written Scheme of Investigation only refers to the programme of archaeological evaluation detailed in condition 4. The WSI referred to in condition 5 refers to mitigation works based on the results of the evaluation. The evaluation works have not yet been complete, nor a report produced. As such, a decision on the discharge of Condition 5 can not yet be made. The requirements of condition 4 have not yet been fully met (the implementation of the submitted WSI still ongoing). If you are content that the planning authority can secure the completion of the remaining evaluation works, then condition 4 could be discharged. If not, I would recommend that it discharged only in part.

In summary:

Condition 4 – Requirements still yet to be fully met. Can be discharged in part.

Condition 5 – Requirements not met at all. Cannot be discharged.

Yours sincerely,

Thom Hayes BA(Hons) MRes, ACIfA
