Dear Mr Oliver

Having read through the proposed plans for even more houses on fields East of my property (PO92SA) I can not see on the plans where access to the extra 184 dwellings is from.

As you have now effectively joined Warblington to Emsworth and are allowing a minimum of another 184 cars on our already busy roads am I to assume that the access is from Emsworth itself ?

I'm very keen to know how this is all going to work.

Regards
