Dear Sir,

10 Langstone Avenue, Havant, PO9 1RU

Rendering to elevations, remodeling single storey elements, alterations to fenestration, relocation of side door porch and canopy to front, widening of vehicle access

Thank you for your consultation on the above planning application. The Highway Authority wish to make the following comments.

The Highway Authority note that the applicant is proposing to widen their existing access. A diagram is required showing the proposed length the existing vehicular access is to be widened too.

It is recommended to the applicant that they should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link: [Apply for a vehicular access | Hampshire County Council \(hants.gov.uk\)](https://www.hants.gov.uk/apply-for-a-vehicular-access). It is important to note that if there are any minor utility diversions that are required to facilitate the dropped kerb then additional costs may arise in addition to the initial application fee. The applicant should also be aware that if an existing access is to be closed, a full height kerb should be reinstalled.

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Having regard to the above, the Highway Authority require the further information requested before a formal recommendation can be made.

Yours faithfully,

Sophie Osborne
