

TPO Area 1078977 Arboricultural Report

Site inspection

Carried out on the 18/05/2022 by Joey Scanlon Arboricultural Officer Norse South East.

Approximately 11 *Fraxinus excelsior* within TPO area 1078977, showing signs of:

Dieback of canopy, Inner bark brownish grey in colour, Lesions developing on trunk, Inner canopy, and stem epicormic growth. All signs listed above are indicative of Ash dieback (*Hymenoscyphus fraxineus*), (See photos attached).

Recommendation

Fell all *Fraxinus excelsior* within TPO area 1078977 to remove the risk to property and public.
