Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The island is getting built on, on every spare bit of land with no concern to lack of structure or sustainability. It does not have the resources to keep residents safe without the extra houses. No emergency services schools dentists doctors etc as it is. It cannot survive as an island of houses. Council needs to make a rule that any builders need to contribute to the sustainability of the residents it already has before it builds
