Preface:

Community Systems Ltd. was appointed by Adam Coleman of Peter Brett Associates LLP to record on a single Monday morning the numbers of vehicles dropping off school children associated with the nearby Woodcroft Primary School in a section of Eagle Avenue, Waterloooville, and to supply a video record of same.

Method:

To collect the required information our staff undertook manual observations in the designated area, noting times of arrival, nature of the vehicles and whether the purpose was visibly associated with the school.

To make the video recordings two temporary CCTV units were deployed, one to the north & one to the south of the relevant section of Eagle Avenue.
