NOTES:-
1. The accuracy and content of this drawing are dependent on the original specification and EDC should be consulted before any change is made.

2. All services under this contract require use of other scales or use in DDU form.
3. Where the following services are shown, all reasonable care has been taken in the spirit of the contract specification and no liability is accepted for any errors or omissions. The user must consult EIR and satisfy themselves of the completeness and accuracy of such data before undertaking any works. Due to the nature of this work and the limitations imposed by ground conditions, the detection equipment no guarantee can be given that all services have been recorded.
4. All reasonable care has been taken in the survey detail represented on this drawing but no discrepancies must be reported to EIR immediately.
5. Our aim is to produce the best possible results within the specification and cost constraints of the client. Any comments are most welcome.
6. All insets on A2-ordinates are related to the datum described.
7. All insets on A2-ordinates are related to the datum described.
