Subject: APP/20/01093 Sinah Lane Conditions Discharge

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Good afternoon David,

Please find attached the updated WSI (Dec Ref: LP3519L-WSI-v2.1, Date: April 22), submitted in connection with Conditions 18 and 19 of permission APP/20/01093 with a view to obtaining a partial discharge.

The updated report contains at Figures 2 and 3 an Exclusion Zone Plan within which further archaeological works will take place. **We therefore seek Partial Discharge of Condition to allow commencement of development within the residential development site subject to the provisions laid out in the WSI v2.1 relevant to the Exclusion Zone.**

Once the further archaeological work has concluded we will submit the final report for full discharge of the conditions.

The revised WSI document with Exclusion Plan is submitted under the advice of Cornelius Barton of LP-Archaeology and David Hopkins, County Archaeologist of Hampshire County Council (comments attached). I trust their endorsement will be sufficient for you to issue a Partial Discharge of Condition to allow commencement of development.

Kind regards,

Rachel Ballam MSc | Planning Coordinator | Barratt David Wilson Homes Southampton [a trading name of BDW Trading Ltd]
