Subject: NE response to APP/21/00536

FAO Steve Weaver

Your ref: APP/21/00536 | Part alternative to permission APP/17/00207. Construction of vehicular track from the public highway to Tournerbury Woods Estate for the purpose of avoiding agricultural operations in Tournerbury Farm. | Tournerbury Farm, Tournerbury Lane, Hayling Island, PO11 9DL
Our ref: 357328

No objection

The application is for works to implement a previously agreed access track route. Based on the information submitted we are satisfied that the proposals will not impact on designated sites. In addition, the track is screened by mature hedgerows, and therefore is unlikely to result in any significant impacts to the surrounding Low Use Solent Waders and Brent Goose Strategy Site.

Please contact me if you have any queries relating to this advice

Kind regards

Rachael Clemson

Please note my non-working day is Friday

Please send planning consultations to Natural England by email to: consultations@naturalengland.org.uk.

Natural England offers two chargeable services – The Discretionary Advice Service ([DAS](#)) provides pre-application, pre-determination and post-consent advice on proposals to developers and consultants as well as pre-licensing species advice and pre-assent and consent advice. The Pre-submission Screening Service ([PSS](#)) provides advice for protected species mitigation licence applications.
