Dear Mr. Eaves,

CAMP FIELD (LAND TO THE WEST OF HAVANT CREMATORIUM), BARTONS ROAD, HAVANT

Thank you for your letter of the 22nd December 2021 and the opportunity to comment upon the application. Having considered the application I have the following comments to make with reference to the prevention of crime and disorder (Anti-Social Behaviour (ASB)).

Discharge of planning conditions 10 (boundary treatments) and 32 (lighting):

Planning Condition 10:

There are several places within the boundary plan, where the boundary treatment indicated does not match the key. I have spoken with Thrive Architects (via the telephone) to confirm the type and height of these boundary treatments.

I have concluded that the proposed boundary treatments offer a level of security commensurate with the risk.

Planning Condition 32:

The amended lighting plan does not contain confirmation that the lighting plan conforms to BS 5489-1:2020.

I note that there are still areas of the roadways that are not lit. These include, the entry into the development, the emergency access route, to the front of plots 1 to 4, access to plot 14, parking area to the rear of plots 29 to 32, access to plot 36 and 37, to the front of plots 42 to 48. These roadways are shared surfaces there is no segregate pedestrian route, to provide for the safety of those using the roadways lighting along these roadways should conform to the relevant sections of BS 5489-1:2020.

If I can be of any further assistance please do not hesitate to contact me.

Yours sincerely,

S York
