Comment Details

Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment:Where to start:-

Drainage, water supply, congestion of roads, lack of facilities, no banks, loss of farming land, global warming, over filled primary schools, lack of medical facilities.

A furteher 29 dwellings at this site, would bring an other 29 cars (minimum). A journey that should take 20 minutes (max) from one end of the Island to the other can take upwards of an hour.

If, IF, more housing is needed on the Island, use the brown sites, make sure any dwelling has sustainable resources for fuel - use of air source heat pumps and solar panels (with or without battery backup).
