Comment Details

Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: The island infrastructure cannot support further development without significant investment from the developers - ie: new health centre ... the current health centre now cannot offer even a simple telephone GP consultation within 2 weeks.

This is in addition to the HCC highways having no planning in place to address an accident or breakdown on the only Island road off (on) to avoid island gridlock and lack of emergency service access. Again a breakdown / accident recovery service based on island is needed and funded by developers. I do not see this included in this application.
