Subject: 32 New Lane - Pfizer site - APP/21/00200

Good day David

Regarding the discharge of Condition 17 of the above application, related to piling, I can advise that I will not be making any adverse comments in relation to the discharge of this condition, as it was called for by Portsmouth Water.

I have however studied the documentation submitted in support of this condition discharge, and note that whilst driven piles are referred to, it appears that in their Specification for piling document under 3.2.7 drawn up by Pinnacle Consulting engineers it is advised the contractors will adhere to the relevant noise legislation, so we will work with that with regard to noise & vibration complaints, that may arise.

Kind regards

Mark
