

General Drainage Notes:

1. Use of this drawing does not absolve the client from his responsibilities under the Health and Safety The Construction Design and Management Regulations 2015. The Principal Designer is required to contact Hydrock Consultants prior to permitting this drawing to be used in connection with any construction works.
2. All private drainage to comply with current Building Regulations, BS EN752 Drain and Sewer systems outside Buildings and other relevant British Standards and Codes of Practices.
3. All sewers to be laid soft to soft unless otherwise shown.
4. It is the Contractors responsibility to locate existing services on site accurately.
5. This drawing is for planning and information purposes only and NOT SUITABLE FOR CONSTRUCTION.
6. Compliance with Health & Safety matters on any trench/manhole is obligatory and a permit to enter a confined space is required.
