7 **Planning Considerations**

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

- Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My inspection related specifically to assessing the proposed works rather than generally inspecting the tree's health and condition in any great detail. I visually inspected the tree from ground level and the following report deals with the relevant issues that have been raised on site, in the application form and from my site observations.

7.3 This application to undertake works to a tree protected by a Tree Preservation Order

relates to the proposed pruning of one Oak tree located within the rear garden of 22 Selsmore Avenue but which overhangs the garden of 24 Selsmore Avenue. The applicant wishes to carry out minor pruning to provide a 2m clearance between their Apple tree and the Oak.

The Oak was viewed from the roadside only but this is minor work proposed which will not harm the health or amenity value of the tree.

No objections to the application have been received.

8 Conclusion

The work proposed is minor and will not harm the health or amenity value of the tree therefore permission should be granted.

9 RECOMMENDATION:

That the Head of Neighbourhood Support be authorised to **GRANT TPO CONSENT** for application APP/21/01022
