## 4. What Are You Applying For?

Based on the type of work proposed and the location and protected status of the trees involved, there are various details and supporting information that will need to be supplied in order for the Local Planning Authority to determine the application.

|                                                                                    |                                                               |
|------------------------------------------------------------------------------------|---------------------------------------------------------------|
| Are you seeking consent for works to tree(s) subject to a Tree Preservation Order? | <input checked="" type="radio"/> Yes <input type="radio"/> No |
| Do you know the Tree Preservation Order reference number(s)                        | <input type="radio"/> Yes <input checked="" type="radio"/> No |

### For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application MUST be accompanied by the necessary evidence to support your proposals (see guidance notes for further details).

|                                                                                                 |                                                               |
|-------------------------------------------------------------------------------------------------|---------------------------------------------------------------|
| 1. Condition of the tree(s) - e.g. it is diseased or you have fears that it might break or fall | <input type="radio"/> Yes <input checked="" type="radio"/> No |
| 2. Alleged damage to property - e.g. subsidence or damage to drains or drives.                  | <input type="radio"/> Yes <input checked="" type="radio"/> No |

#### 4. What Are You Applying For?

Are you wishing to carry out works to tree(s) in a conservation area?

☐ Yes ☒ No

##### Documents and plans (for any tree)

A sketch plan clearly showing the position of trees listed in the question 'Identification of Tree(s) and Description of Works' MUST be provided when applying for works to trees covered by a Tree Preservation Order. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes).

It would also be helpful if you provided details of any advice given on site by an LPA officer.

Are you providing additional information in support of your application (e.g. an additional schedule of work for question 'Identification of Tree(s) and Description of Works')?

☐ Yes ☒ No

#### 5. Identification of Tree(s) and Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out.

You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work.

Where trees are protected by a Tree Preservation Order, please number them as shown in the First Schedule to the Tree Preservation Order where this is available. You should use the same numbering on your sketch plan (see help for sketch plan requirements).

Please provide the following information:

- Tree species
- The number used on the sketch plan); and
- A description of the proposed works.

Where trees are protected by a Tree Preservation Order you must also provide:

- Reasons for the work; and where trees are being felled
- Proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

e.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with one standard ash in same position.

Holm Oak G1 - Remove 2 limbs that hang over into path of gateway. The gateway was designed to be used in order to allow static caravans to be transported in and out of the site. There are now two major limbs that block such access and would recommend either pollarding at 1 meter in height (where they are away from the gate) or cutting to ground level.  
The area over the gate will also need to be crown raised to 15 feet to allow clearance for the entrance of static caravans.  
Reduce all sides by 1.5 meters leaving branch lengths of 2.5 - 3 meters.  
Reduce height by 2 meters leaving a height of 7.5 meters.

#### 6. Tree Ownership

Is the applicant the owner of the tree(s)?

☒ Yes ☐ No

#### 7. Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

☐ Yes ☒ No

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

#### 8. Trees - Declaration

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them. ☒
