

CHICHESTER HARBOUR CONSERVANCY

Planning
Havant Borough Council
Public Service Plaza
Civic Centre Road
Havant
Hampshire - PO9 2AX

19 January 2022

To the planning case officer: Selina Donophy. AONB national landscape consultation recommendation.
Location: **'Saxted House', 5 Tower Street, Emsworth, Hampshire**
Planning Application: **APP/21/01326 (Listed Building Application)**
Proposal: **Installation of replacement rooflight to rear bedroom 4, replacement aluminium sliding windows to rear dining room/living room and replacement aluminium windows to library area, together with various internal alterations** (Listed Building)

Thank you for consulting The Chichester Harbour Conservancy concerning the above planning submission. The Conservancy is a non-statutory consultee.

CHICHESTER HARBOUR CONSERVANCY

The Conservancy was established by the Chichester Harbour Conservancy Act of 1971 with responsibility for navigation and the conservation of nature. The Countryside and Rights of Way Act of 2000 formally established the Conservancy as the Joint Advisory Committee for the AONB, with the purpose to conserve and enhance the natural beauty of the landscape.

Relevant to this is the duty on public bodies to 'have regard' for that statutory purpose in carrying out their functions (Section 85 of the Countryside and Rights of Way Act, 2000). The Planning Practice Guidance confirms that this duty also applies to proposals *outside* the designated area but impacting on its natural beauty.

CHICHESTER HARBOUR AREA OF OUTSTANDING NATURAL BEAUTY (AONB)

The landscape of Chichester Harbour was recognised as nationally important when it was designated as an Area of Outstanding Natural Beauty (AONB) in 1964, through the National Parks and Access to the Countryside Act of 1949.

The statutory purpose of the AONB is to conserve and enhance the area's natural beauty.

Proposals impacting on the AONB are subject to more stringent planning guidance to ensure that development respects and enhances the inherent qualities of such a sensitive location. Proposed development must be assessed carefully to consider if it would have a significant impact on or harm that statutory purpose.

PLANNING ASSESSMENT SCOPE

Planning 'Permitted Development' allowances do not apply within an AONB. 'Permitted Development' works therefore require a planning application to be submitted to the Local Planning Authority for formal consideration.

Consultations on development proposals within, or outside but impacting on, the AONB would be considered against the AONB Planning Guidance and Principles (see below), the planning history record, the architectural design and appearance, and the landscape character and setting of the red-line site. In considering the implications and impacts within, or to, the AONB protected national landscape, the

exterior works and land use implications that affect the appearance and character of the of the building within the surrounding setting are assessed in the appraisal.

In its role in managing the Chichester Harbour Area of Outstanding Natural Beauty (AONB), The Conservancy considers proposals against the Conservancy's planning guidance and principles - including The Chichester Harbour Management Plan (2019-2024), The Chichester Harbour Planning Principles (Management Plan version April 2019), The Chichester Harbour AONB Landscape Character Assessment (CBA update 2019), and The Chichester Harbour AONB Joint SPD (May 2017), adopted by both Chichester District Council and Havant Borough Council.

SUBMITTED PLANNING PROPOSAL

The current proposal lies inside the AONB. The proposal is located within a built-up settlement within the AONB. The proposed works would be 'permitted development' other than the location being within the AONB. Listed Building Consent however would be required given the historic status of the structure.

The proposal is for the installation of replacement fenestration to the rear elevations comprising a replacement rooflight to the main building roof, and ground floor glazed windows/doors to the rear private garden amenity space. There would be no alterations visible from the public highway of similar vantage points.

ASSESSMENT CONSULTATION CONCLUSION

Given the backdrop of the street scene from the rear elevation, the separation distance from any public viewpoint, and the small scale of the proposed works, the current submitted proposal is considered to have little significant visual impact on the AONB protected national landscape or be demonstrably harmful to the natural beauty of the AONB environment and surrounding supporting hinterland / buffer area.

The Chichester Harbour Conservancy raises **no objection** to the current submission.

Appropriate planning conditions to control the materials of construction, the finished appearance, and the need to limit light emission from the glazing area should be considered by the LPA.

OTHER MATTERS

The consideration of the proposal also affects the setting and appearance of a Listed Building, but this is for the LPA to assess and make a judgement on.

The planning application will be considered by the LPA in terms of other aspects applicable to the planning merits of the proposal, such as overlooking impact to neighbouring property and spaces, perceived loss of privacy, equated loss of light and cause of shadowing, noise generation and disturbance, traffic generation and on-site parking provision, and in terms of overall good building design and land-use neighbourliness. Such matters are not normally commented on by Chichester Harbour Conservancy.

It is noted that as of the date of this consultation comment dispatch, the LPA web site still shows this proposal as still pending a decision. If you require any further clarification with regards to this recommendation, please contact the CHC AONB Planning Advisory Case Assessment Team.

Yours Sincerely,

David Rothery
