Product Details

- Quarter turn operation
- Suitable for low pressure
- Hot flow rate at 0.3 bar: 4.6L/min
- WRAS approved
- 5 year manufacturer's warranty for working parts, 1 year for tap finish (T&Cs apply)

The tap is one of the most commonly and constantly used items in the kitchen, so Franke understand how vital it is to create products with longevity, practicality, functionality and style in mind. With a sturdy base, the Franke Olympus kitchen mixer tap has a sleek, stylish design, with an attractive polished chrome finish to complement the brass construction. As well as the long, easily identifiable twin lever handles with red and blue markings to operate hot and cold flow respectively, the Franke Olympus kitchen tap features a swivelling, dependably styled swan neck spout.

- Brass construction with polished chrome finish
- Elegant swan neck twin lever kitchen tap
- Swivelling spout
- Intuitive, easy to use operation
- Long, easily identifiable hot/cold handles
- Perlator mixes air into the water for a champagne-like flow
- Deck mounted installation with 15mm compression connection
- 1/2" ceramic disc valves
- WRAS approved
