Dear Sir,

17A -17B Avondale Road, Waterlooville, PO7 7ST

**Construction of 1No. one bed bungalow to the rear of 17A/B Avondale Road
with access from Brooklyn Drive**

Thank you for consulting the Highway Authority on the above planning application.

The applicant is proposing a new vehicular access. The Highway Authority will require a diagram showing the length of the proposed new drop kerb along with visibility splays for this new access. For further information on visibility splays please see the Hampshire County Council Technical Guidance TG3 using the following link: [Microsoft Word - TG3 Technical Guidance Note - Stopping Sight Distances and Visibility Splays \(A1001001A17F05B10508J50123\)1.docx \(hants.gov.uk\)](#)

Additionally, it is recommended to the applicant that they should be made aware that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this procedure can be found via the following link: [Apply for a vehicular access | Hampshire County Council \(hants.gov.uk\)](#). It is important to note that if there are any minor utility diversions that are required to facilitate the dropped kerb then additional costs may arise in addition to the initial application fee. The applicant should also be aware that if an existing access is to be closed, a full height kerb should be reinstalled.

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Whilst the Highway Authority can confirm that the construction of a single bed bungalow will have a detrimental impact on the wider highway network, the Highway Authority require the further information requested before a formal recommendation can be made.

Yours faithfully,

Sophie Osborne
