

Mr L Ford
Public Service Plaza
Civic Centre Road
Havant
Hampshire PO9 2AX

Dear Mr Ford,

My name is Samuel Martin and I am the applicant for planning permission at the rear of 8 Chalton Crescent.

The existing building at the rear of 8 Chalton Crescent will be used for the following business activities: the production, storage and packaging of mead, an alcoholic beverage made from honey. The operating hours of the business are 09:00-17:00 Mon-Saturday.

This building will be staffed only by myself, with no members of the public entering the site. We are expecting around four deliveries a week for various supplies.

The loudest machine which is based on the site is the vacuum cleaner, all other machinery (fridge, pumps and filtration system) is quiet. The vacuum cleaner will only be used during operational hours stated above.

From my experience, the smell of the fermentation should not be so great as to cause a nuisance amongst neighbours. However, should this prove to be the case I am happy to install ventilation to minimise odours. s

I do hope all this information proves sufficient, should you require anything else please don't hesitate to contact me.

Kind Regards,
Samuel Martin
Director of SMM Proudctions Limited
