

Good morning David,

Please find my comments below regarding the application above:

Recommendation – No Objection

The current buildings because of their design/construction provenance and social history significance should be considered collectively as non-designated heritage assets. Whilst the existing building are quite plain by today's standards they do represent an era of design and have by their association to Arup a certain level of standing in terms of design.

In my opinion the proposed variations/amendments to the scheme improved the scheme and the impact it has on the non-designated heritage assets. The re-orientation of the built form helps integrate the scheme into the wider campus of the site. Also the reduction in floorspace/footprint is a welcome addition to the scheme.

Having regard to the above I believe there will be nor harm caused to the non-designated heritage assets and as such there is no objection to the scheme.

Many thanks

Peter Fellows | T: 01730 234237 | M: 07435554101
