Comment Details

Commenter Type: Complainant

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: Living next door to the applicants and whilst we acknowledge they have reduced the size of their original proposed extension. We would like to record that a new two storey extension will affect our right to light, our privacy and outlook. We have a bedroom window which will be facing the new proposed extension. Our gardens are north facing and this will greatly effect the daylight/sunlight and in particular to the west side of our garden and the back in general. Also a new bedroom is proposed which will overlook our conservatory and garden. We also note that the proposed extension is layout is outside the building line which will affect the outlook at the front of the house.
