SASH WINDOWS

EcoSlide Styles & Options

EcoSlide uPVC sash windows are available in a variety of styles and hardware options. An extensive range of Georgian and Astragal bars will satisfy most custom requirements. Sash horns help replicate the original timber sashes and are fitted free as standard, if required.

Transom drops can be specified to any custom measurement e.g 60/40, 70/30 in addition to the natural 50/50 split. EcoSlide windows can also be specified coupled together, in splay bays and 90 degree bays, with factory fitted bay poles and capping.

Colour & Foil Options

EcoSlide uPVC sash windows are available in a variety of colour options. We have 2 solid profile colour options, white and cream, 4 Renolit foil inside and outside options and 6 Renolit foil outside and white inside options.

Special Orders: We can also spray to any RAL colour and foil to any other Renolit specification. Longer lead times will apply.

Designed, Extruded & Fabricated In The UK - Specifically For the UK Climate

EcoSlide uPVC sash windows are designed, extruded and fabricated in the UK specifically for the UK climate. Our production facilities have the capacity to manufacture over 1500 sash windows a week. Since production of EcoSlide sash windows began in 2009, nearly 100,000 sash windows have already been installed across Britain.

Every EcoSlide uPVC sash window is manufactured at our purpose designed state of the art factory in Swansea, South Wales, to fit and perform flawlessly.

Our profile is extruded in our own UK factory from a 100% virgin, lead free compound. The bright white high gloss profile is manufactured in accordance with current British quality standards.
