Dear Ms L Wells,

Thank you for your consultation. I have had look at the updated dormouse and bat activity reports, and had a look at the previous comments made by my colleague Tristan. I am not sure if it is acceptable to agree with these reports when there are outstanding concerns with the impacts to protected species. The proposal is large-scale and I would say that Tristan's comments have not been fully addressed and requires further discussions with Tristan on his return from leave on the 10th August. If you need a response sooner, please could you let myself and Megan copied in know and we can get a response to you by the end of next week.

Kind Regards

Rebecca Harvey
