Subject: Grastar Restaurant

Sally

Further to our call last week we would like to advise.

- 1) The current roof and plant works are as proposed drawing attached Rev A. This is the final construction issue and what is planned to be installed.
- 2) Grastar have asked to progress with opening hours of 0600 as previously requested.
- 3) Grastar will install visual screens if following completion of the ventilation install the ductwork can be seen and looks untidy. They have asked to defer a decision until the ducts are in as there is a belief that the horizontal ductwork will not be seen.

Shawn
