

Dear Ms Harvey,

RE: Planning Application APP/19/00768 Land to the rear of, 15-27 Horndean Road, Emsworth
discharge condition 3

Thank you for your consultation regarding the discharge of condition 3. There are three archaeological conditions attached to the planning permission; condition 3 that secures an archaeological survey, condition 4 which secures mitigation in light of the results of the archaeological survey and condition 5 which secures publication of the results if merited.

I am aware that the archaeological survey secured by condition 3 has been carried out and a report submitted. I would not raise any archaeological objection to the discharge of condition 3.

I am also aware that the applicant has carried out field work to address condition 4 and believe that this work has also been completed. However I have yet to see a report for this stage and so am happy that conditions 4 and 5 remain in place.

Yours sincerely

David Hopkins
