

Dear Miss S Donophy,

APP/21/01250 - 7 Angelo Close, Waterlooville, PO7 8JS - Single storey side/rear extension & tarmac front drive.

Thank you for your consultation for the proposed extension.

The site lies adjacent to ancient woodland Hurst Wood SINC, and the works to extend the rear of the property will be along the boundary of the woodland. Therefore, there is potential for the works to impact a locally designated site, for example via noise, vibration, dust or damage to tree roots. I would advise that a method statement is submitted to the planning authority prior to commencement, that shows how these impacts will be avoided.

Please let me know if you have any queries.

Kind Regards

Rebecca Harvey
