

Dear Ms Wells,

Planning Application APP/21/01169 Solar array Land at Palk Road, Havant

Thank you for consulting me regarding the applicant's response to my earlier comment. I understand that the proposal will not involve groundworks and accordingly I would not raise any archaeological issues (I also presume by reference in that response to the site being a 'tank' that there is an existing buried installation which will may removed any archaeology although I was not specifically aware of that)

Yours sincerely

David Hopkins
