Dear Sir,

15 and 15a Longwood Avenue, Waterloooville, PO8 8HX

Joint application - No.15a Proposed loft conversion, increasing the pitch, with rear dormer; proposed front extension. No.15 Proposed loft, increasing the pitch, with side dormer, single storey rear extension with side roof dormer, dropped kerb. (Revision to APP/21/00778).

Thank you for consulting the Highway Authority on the above planning application.

The Highway Authority note that this current application is a revision to APP/21/00778, an application that the Highway Authority previously responded with no objection.

As such the Highway Authority's previous response still stands which reads as follows:

The applicant should be made aware that to facilitate the dropped kerb they are proposing at No.15, they themselves will have to organise the removal of the lamppost and road sign on the footway directly in front of the property. Furthermore, the builder carrying out the dropped kerb will have to maintain the drainage and the cover must be upgraded with a heavy duty one in order to withstand the weight of a vehicle. The applicant is reminded that subject to any planning permission being granted by the Local Planning Authority, a subsequent agreement will need to be granted by HCC as Highway Authority to undertake the drop kerb works on the Highway. Details of this

Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI

procedure and further information can be found via the following link

<https://www.hants.gov.uk/transport/parking/droppedkerbs>

Having regard to the above and providing that the applicant applies for and carries out dropped kerb works in the appropriate manner, the Highway Authority provide no objections to the above planning application.

Yours faithfully,

Sophie Osborne
