The revised combined CEMP/CMP was received directly by Environmental Health preceding this reconsultation. Further comment was provided under our ref: CONS/20/03800, dated 24/09/2021. Notwithstanding the typographical errors contained within those comments (my apologies), the holding objection to the discharge of c.11 was withdrawn. No further comments to follow with respect to c.6, c.11 or c.14. Further comments may follow from my nuisance / amenity focussed colleagues under separate cover in respect of c.7 (lighting).
