Dear Sir,

Camp Field (land to the west of Havant Crematorium), Bartons Road, Havant

Construction of a section of highway and landscaping to frontage of crematorium access point

Thank you for consulting the Highway Authority on the above planning application.

The scope of the works featured within the planning application include the site access works and the spine road of the internal network directly to the north.

The Highway Authority have recently provided comments on the site's internal layout under planning reference APP/21/00678. A number of changes were required before the layout could be considered acceptable, some of which impact on the works detailed in the current planning application. Given that the internal layout will be offered for adoption to the Highway Authority, these comments must be overcome before the layout can be considered acceptable. The comments made under planning reference APP/21/00678 should therefore be addressed to achieve a suitable design which would allow for the implementation of all of the works detailed under planning reference APP/21/00812.

Until the additional information has been provided, the Highway Authority recommend a holding objection to the current planning application.

*Director of Economy, Transport and Environment
Stuart Jarvis BSc DipTP FCIHT MRTPI*

Yours sincerely,

Chris Hirst
